

Organizer	Japan Network Operators' Group (Host: SAKURA internet Inc.)
Date/Venue	February 11-13, 2026 @ Congres Convention Center, JAM-BASE, Timeout Market Osaka
No. of attendees	Over 6,000 registrants (preliminary report)
Overview	<p>A technical exchange meeting primarily for network operators. It is regularly held across various locations nationwide, with member companies taking turns hosting.</p> <p>Traditionally, events were held in hotel banquets and similar venues. However, at the request of SAKURA internet Inc., the host of this event and a tenant of JAM-BASE, it was held in an unprecedented style connecting multiple locations in the Umeda Kita area, themed "Drop by JANOG." By allowing the event to blend naturally into the city, the aim was to create an open space where passersby could take interest and easily drop in.</p>
Support from DMO	<p>The DMO regarded this event as a symbolic case for regional MICE and provided various support to the organizers for over a year in advance.</p> <ul style="list-style-type: none"> ✓ Proposal of exchange venue: Proposed hosting a private event at Timeout Market Osaka. ✓ Production of dining coupons: Produced coupons usable within the Grand Front Osaka facility. ✓ Proposal of flag advertisements: Displayed flag advertisements within the Grand Front Osaka facility.
